

## STACK LIGHT

The Stack Light evokes the craft forward minimalism of Japanese Zen with a sculptural nod to Brâncuși. A dimmer integrated directly into the solid wood base allows for precise control of the light's brightness, and a removable top lid hides the standard LED bulb, blending with the shade to diffuse the light equally in every direction.

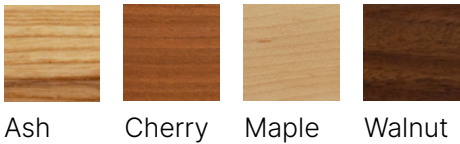

STACK LIGHT

MATERIALS	Solid wood, biodegradable polymer
DIMENSIONS	5" x 5" x 8.75"
WEIGHT	2lb 2oz
SOCKET	E26 medium base Dimmable LED 20W max
